The Americans with Disabilities Act (ADA) was enacted on July 26, 1990, and later amended effective January 1, 2009. As written and implemented, the ADA provides comprehensive civil rights protections to persons with disabilities in the areas of employment, state and local government services, access to public accommodations, transportation, and telecommunications.

The ADA is a companion civil rights legislation to the Civil Rights Act of 1964 and Section 504 of the Rehabilitation Act of 1973. In order to be protected by the ADA, one must have a disability or have a relationship or association with an individual with a disability. An individual with a disability is defined by the ADA as a person who has a physical or mental impairment that substantially limits one or more major life activities, a person who has a history or record of such impairment, or a person who is perceived by others as having an impairment. The ADA, however, does not specifically name all of the impairments that are covered.

The ADA is divided into five sections covering the following topics:

Title I: Employment

Title II: Public Services (and Transportation)

Title III Public Accommodations (and Commercial Facilities)

Title IV Telecommunications

Title V Miscellaneous Provisions

Title II specifically prohibits state and local governments from discriminating against persons with disabilities or from excluding participation in or denying benefits of programs, services, or activities to persons with disabilities. This Transition Plan is intended to outline methods by which physical changes will be made to give effect to the non-discrimination policies described in Title. II.

TRANSITION PLAN DEVELOPMENT

To ensure program accessibility for people with disabilities in the community, the Town of Churubusco has developed a Transition Plan, which is to be considered good practice. This **Transition Plan for Public Rights-of-Way** considers the following:

A. ADA COORDINATOR:

Effective communication is essential to address all the complaints or concerns of all individuals. In order to keep maintaining the lines of communication open, and thereby ensuring effective communication between all parties, the Town of Churubusco has designated the Town Clerk-Treasurer as the ADA coordinator. The ADA coordinator shall coordinate the Town's efforts to comply with and carry out its responsibilities under Title II of the ADA, including any investigation of any complaint communicated to the ADA coordinator. Such complaints may take the form of alleging noncompliance with ADA mandates or alleging any actions that would be prohibited under the ADA. The Town shall make available to all interested individuals the name, office address, and telephone number of the employee(s) so designated and shall adopt and publish procedures for the prompt and equitable resolution of complaints. Every complaint must be directed to the Town Clerk-Treasurer.

B. GRIEVANCE PROCEDURE:

This Grievance Procedure is established to meet the requirements of the Americans with Disabilities Act of 1990 (ADA). It may be used by anyone who wishes to file a complaint alleging discrimination on the basis of disability in the provision of services, activities, programs, or benefits by the Town of Churubusco. The Town of Churubusco's Personnel Handbook governs employment-related complaints of disability discrimination.

The complaint should be in writing and contain information about the alleged discrimination such as name, address, phone number of complainant and location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint, will be made available for persons with disabilities upon request. The complaint should be submitted by the grievant and/or his/her designee as soon as possible but no later than 60 calendar days after the alleged violation to:

Madalyn Sade-Bartl, Clerk-Treasurer
530 S. Main St.
Churubusco, IN 46723
madalyn@townofchurubusco.com

Within 15 calendar days after receipt of the complaint, the Clerk-Treasurer or his/her designee will meet with the complainant to discuss the complaint and the possible resolutions. Within 15 calendar days of the meeting, the Clerk-Treasurer or his/her designee will respond in writing, and where appropriate, in a format accessible to the complainant, such as large print, Braille, or audio tape. The response will explain the position of the Town of Churubusco and offer options for substantive resolution of the complaint.

If the response by the Clerk-Treasurer or his/her designee does not satisfactorily resolve the issue, the complainant and/or his/her designee may appeal the decision within 15 calendar days after receipt of the response to the Town Council President or his/her designee.

Within 15 calendar days after receipt of the appeal, the Town Council President or his/her designee will meet with the complainant to discuss the complaint and possible resolutions. Within 15 calendar days after the meeting, the Town Council president or his/her designee will respond in writing and, where appropriate, in a format accessible to the complainant, with a final resolution of the complaint.

All written complaints received by the Clerk-Treasurer or his/her designee, appeals to the Town Council president or his/her designee, and responses from these two offices will be retained by the Town of Churubusco for at least three years. **The Grievance Form can be found in Appendix A.**

C. SELF EVALUATION/COMMITMENT

The Town of Churubusco has conducted an inventory of evaluation of curbs, ramps and sidewalks using on-site inspections and review of construction drawings. The Town of Churubusco recognizes that pedestrian sidewalks that are the responsibility of the Town often play a key role in providing access to government programs and services. When walkways cross

a curb at intersections, a ramp or sloped surface is needed. Curb ramps allow people with mobility impairments to gain access to the sidewalks.

- All new construction, reconstruction, roadwork construction or alterations, including federal projects under the control and/or inspection of the Churubusco Street Department will be in compliance with the ADA;

- The Town will add sidewalk repair and curb ramp installation or reconstruction to the annual Capital Projects Plan. In setting timelines for implementing this Transition Plan for existing curbs and sidewalks, the actual number of curb ramps installed in any given year is limited by the Town's financial and administrative limitation. The missing or non-compliant curb ramps shall be prioritized.

- **The Replacement Program can be found in Appendix B**

- **Barriers can be found in Appendix C**

- **The Inventory can be found in Appendix D**

D. ADA STANDARDS/GUIDELINES:

The standards are intended to apply to all construction undertaken within the Town of Churubusco Right-of-Way. The Indiana Department of Transportation design guidelines and standard drawing will serve as the primary standards and guidelines for this plan. Other standards, if necessary, will be applied at the discretion of the ADA Coordinator.

IMPLEMENTATION

The Town of Churubusco intends to implement this Transition Plan effective the date of this document. Not only does the Town commit to following the guidelines set forth in this Transition Plan, but it also commits to actively revising and amending this document as new information is discovered.
